what is an employee ownership trust (EOT)?

An EOT is a business structure where the company's shares are held in a trust for the benefit of its employees.

AT BSG, THIS MEANS

- Employees are key stakeholders, not just participants.
- Long-term relationships built on trust.
- Ethical business practices at the core.
- Long term stability for customers, suppliers, and employees.

THE BENEFITS OF EMPLOYEE OWNERSHIP

Research shows that employee owned businesses are:

- More successful: Employees who have a stake in the company are motivated to drive its prosperity.
- Efficient and Resilient: EOTs are built to adapt and thrive, even in challenging times.
- Committed to Customers: A personal investment in the business leads to higher levels of service and satisfaction.

BSG is proud to be a part of this growing movement of over 2,000 employee owned companies across the UK, including renowned names like John Lewis and Riverford Organics.

how an EOT benefits you:

CUSTOMER FIRST CULTURE

Employee ownership aligns our interests with yours. We are motivated to consistently exceed your expectations and deliver tailored solutions for your business.

UNCOMPROMISED SERVICE

Our employees are owners, and ownership fosters a personal commitment to excellence. You'll always receive top tier service from a team dedicated to your satisfaction – we don't just meet your expectations, we exceed them.

TRUST AND RELIABILITY

You can depend on BSG for transparent, accountable, and reliable service – core values strengthened by our employee-owned structure.

ETHICAL PROCUREMENT

When you choose BSG, you're supporting a business that prioritises ethical practices. Our employee ownership model ensures we operate responsibly, with a shared commitment to helping your business.
